

Calling ALL Students. It's time to unleash your creativity.

The Office of the Superintendent is inviting all students to submit a drawing or digital photograph for the opportunity to feature the image on the cover of the 2020 Annual Report.

The theme for this year's cover page is, **"Through your Eyes."** We want you to highlight what is unique about your school or learning environment. The drawing or photograph can be of your school building, mascot, library, classroom, hallway, or even something outside of the school like a school garden or playground. These are a few examples. This is your opportunity to highlight your school to the entire district, so get creative.

For drawings, please use 8.5 x 11 size paper (letter size).
Photographs can be taken using a smartphone or professional camera if one is available at home.

Please include your name, school name and teacher's name. Email your submission to aleksandra.crescenzo@mpsd.ca or ask your teacher to put your drawing in the internal mailbox addressed to Aleksandra Crescenzo – School Board Office (SBO). For privacy reasons, the image should not be of students. Artwork and images will be shared with School District staff and on social media.

Submissions will be accepted beginning October 1 – 30, 2020.
